Let's Get Started!

*You will crochet with both yarns together making one.*

**Rnd 1:** *(start with blue and green yarn together)* Make a magic circle. DC 12 in the magic circle join in the round with a SLST to top of CH2.

**Rnd 2:** CH 2. DC 2 in CH2 ST *(making an increase)*. DC 2 together in next 11 ST until end of row *(making an increase on every ST, total of 24 DC)*. Join with SLST to the top of CH2.

**Rnd 3:** CH 2. DC 2 in CH2 ST *(making an increase)*. DC 1 in next ST. DC 2 together in same ST *(making an increase)*. Repeat (DC 1, DC 2 together in same ST) until end of row (total of 36 DC). Join round with SLST to top of CH2.

**Rnd 4:** CH 2. DC 1 in CH2 ST. DC1 in every ST until end of row. Join round with SLST to top of CH2. Repeat for 3 more rows. (Total of 4 rows).

**Rnd 5:** CH 2. DC 1 in CH2 ST. DC 1 front post next ST, DC 1 Back post, repeat front and back post DC in every ST until end of row. Join round with SLST to top of CH2. Repeat for 1 more row. (Total of 2 rows).

### **Pom pom**

Now all you need to do is add your favorite size pom pom. I cut a piece of cardboard about 3 ½" x 6". I wrapped blue and green yarn together on the 3 ½" side for about 40 times. Slide it off the cardboard and tide it nice and tight in the middle about 2 times. Cut yarn loops all around, after you cut them open, you can trim the edges to make it nice and round.
